Supervisor Bentley opened the meeting at 6:00 PM and announced that this would be a workshop meeting between the Town Board and the Steering Committee for the Comprehensive Plan.

Members of the Steering Committee addressed several topics regarding environmental issues that they would like to see put back into Part 3 of The Plan. There was much discussion on each point and the Board acted on each as it was brought up. Dr. Lamb will make the changes, as noted, and a corrected version of the pages will be forwarded to the clerk for the meeting on July 15, 2010. There being no further comments the meeting was adjourned at 8:30 PM.

Respectfully Submitted:

Town Clerk
